EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 12, line 8 –receptor- has been inserted after “operating device”.

2. In rewriting claim 12 into independent form applicant inadvertently left “receptor” out of line 8. “An operating device receptor” is needed in claim 12 for antecedent basis for “the operating device receptor” of line 12. In claim 4 as originally filed “an operating device receptor” was defined in line 8. Claim 12 originally depended from claim 4.

3. With regard to applicant's argument set forth in the REMARKS of the response filed May 20, 2005 that Turner was not prior art because it was published 7 days after the U.S. filing date of the present application it is pointed out that under 35 U.S.C. 102 (e)(1), the effective filing date of Turner governs as opposed to the publication date of Turner.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sherman D. Basinger whose telephone number is 571-272-6679. The examiner can normally be reached on Monday through Friday, 5:30 a.m. to 2:00 p.m.
